

Forest

Conservation

Days—2010

The Santa Clara County Parks and Recreation Department and the Northern California Society of American Foresters invite the Boy Scouts to hike with a forester during the 2010 Forest Conservation Days (FCD) celebration to be held March 13 and 14. This celebration takes place at Sanborn Park located four miles above Saratoga off Big Basin Way (Hwy 9).

Boy Scouts and Cub Scouts are invited to a 2-3 hour interactive, hands-on hike with a forester through the redwood forest and the oak woodlands of Sanborn Park. Included will be tree identification, and instruction/activities on geology, soils, wildlife biology, native culture, fire fighting, forest products, demonstration of a vintage 1882 Steam Donkey, and more!

Please note, due to the presence of Sudden Oak disease in the Park, removal of leaf and bark samples is prohibited.

Badge requirements that could be filled on this hike:

- Tree species identification
- Forest products manufacturing
- Discussion about wildlife habitat & forest succession
- What contributions forests make to our quality of life
- Discussion about forest management; and
- Discussion about forestry as a career

Cloth patches commemorating FCD 2010 will be available for those scouts who attend and participate.

To Participate:

Reservations need to be made in advance! Sign up with a Park Aide:

408-867-9959

Accepting reservations
after 1/1/10

Call any time 7 days/week
